

Longitudinal Study of American Life

2019 Study

Please read each item and mark the box or write your answer. When you have finished the questionnaire, please put it in the postage-paid return envelope and mail it. If you have any questions or concerns about this questionnaire, please call us directly at any time at 844-764-4699. Thank you for your kind assistance in this study.

Jon D. Miller

The first set of questions asks about your current work status and about changes in your life since you completed the previous LSAL questionnaire in [MONTH], [YEAR]. Please pay careful attention to the **directional instructions in green.**

1. **Are you currently:**

Please check one box for each row

	Yes	No
working for pay at a full-time or part-time job, excluding self-employment	<input type="checkbox"/>	<input type="checkbox"/>
self-employed on a full-time or part-time basis	<input type="checkbox"/>	<input type="checkbox"/>
serving on active duty in the Armed Services	<input type="checkbox"/>	<input type="checkbox"/>
serving in an apprenticeship program or government training program	<input type="checkbox"/>	<input type="checkbox"/>
keeping house (that is, full-time homemaker)	<input type="checkbox"/>	<input type="checkbox"/>
holding a job, but on temporary layoff from work or waiting to report	<input type="checkbox"/>	<input type="checkbox"/>

2. **If you are currently employed, please continue with this question; otherwise please skip to Question 3.**

If you are currently employed (excluding self-employment), please describe your current job (or the job at which you spend the most hours if you have more than one job). Include your job title and a short description of your duties, in the box below.

If you are employed (excluding self-employment), please describe your employer's main business or industry in the box below; that is, what does your employer make or do?

If you are employed (excluding self-employment), in what year did you begin your current job?

3. Are you currently self-employed?

No **Please go to Question 5 below.**

Yes **Please continue.**

Please describe the nature of your work or business in the box below.

--

4. **If you are currently self-employed,** in what year did you begin your current business or self-employment?

--

5. How much do you agree or disagree with this statement? **“All things considered, I am satisfied with my job.”**

Completely disagree

6. Have you completed an educational degree or program since [MONTH], [YEAR]?

No **Please go to Question 11 on next page.**

Yes

7. What degree or certificate did you earn?

GED or equivalent **Please go to Question 16.**

Associate degree

Baccalaureate or other 4-year degree

Master’s degree (MA, MS, MBA, MPH, other master’s)

Doctoral degree (Ph.D., Ed.D., D.Sc., or similar)

Professional degree (medicine, law, dentistry, architecture, or similar)

Other advanced degree or certificate

Please describe ►

--

I do not expect to get a degree from this program or institution.

8. In the spaces below, please provide the name and location of the institution that granted your new degree or certificate and your major field of study.

Date awarded (month/year)	
Name of institution	
Major field	
Location: city	
Location: state	

9. Were you a full-time or part-time student in this program?

- Mostly full-time
- Mostly part-time
- Sometimes full-time, sometimes part-time

10. Please think about your experiences related to this degree and assign a letter grade – A, B, C, D, or F – for each of the following:

	Grade
The quality of my academic program in my major field	
The accessibility of faculty in my major field	
The quality of preparation for my current occupation	
The quality of my program as preparation for additional study	
The opportunity to meet and work with other students in my major field	

11. Are you currently enrolled in any educational program that you have not completed yet?

- No **Please go to Question 17 on the next page.**
- Yes

12. Please enter the name of the school and the city and state in which it is located in the boxes below.

Name of institution	
City	
State	

13. Are you enrolled as a full-time student or a part-time student in this program?

- Full-time
- Part-time

14. What degree or certificate do you expect to earn at the completion of your current program?

- GED or equivalent **Please go to Question 17 on the next.**
- Associate degree
- Baccalaureate or other 4-year degree
- Master’s degree (MA, MS, MBA, MPH, other master’s)
- Doctoral degree (Ph.D., Ed.D., D.Sc., or similar)
- Professional degree (medicine, law, dentistry, architecture, or similar)
- Other advanced degree or certificate

Please describe ►

I do not expect to get a degree from this program or institution

15. What is your major field or area in this program?

16. When you complete this program, do you think that you will: **[Check only one box]**

- Stay in your current job
- Stay with your current employer but seek promotion to a better job
- Try to get a new job to use your new skills
- Too early to tell – not sure
- I do not think that I will complete this program

17. What is your current marital status? **[Check only one box]**

- First marriage or union
- Second or subsequent marriage or union
- Divorced
- Separated
- Spouse or partner deceased
- Never been married

18. Has there been any change in the number of children in your family since **[MONTH], [YEAR]**?

- No **Please go to Question 19 below.**
- Yes. **Please continue.**

To update your record, please describe any changes in the number of children in your family in the box below.

19. Have you joined a military service or completed military service since **[MONTH],[YEAR]**?

- No **Please go to Question 20 on the next page.**
- Yes

To update your record, please describe any changes in the box below. ▼

20. Has there been any change in your health status since [MONTH], [YEAR]?

- No **Please go to Question 21 below.**
- Yes

Please describe the change in the box below.

21. **How would you rate your personal health today?** If 10 stands for perfect health and zero stands for serious health problems, how would you rate your health on a zero-to-10 scale?

Serious health problems						Perfect health

27. Altogether, on an average day, about how many hours would you say that you watch television?

Please enter number of hours in box ►

Please enter any additional minutes in box ►

28. About how many of those hours – if any – are news reports or news shows?

Please enter number of hours in box ►

Please enter any additional minutes in box ►

29. If you watch any science or nature television shows regularly or periodically, please enter the name of the show in the boxes below and how often you watch each show.

If you do not watch any science or nature television shows, please go to Question 30.

Name of science or nature television show	Times watched per month

30. **During the last year**, did you visit a public library in-person?

Please enter the number of in-person public library visits during the last year or enter a 0 if you did not visit a public library in the last year..... ►

31. **During the last year**, did you use a public library online?

Please enter the number of times you used a public library online during the last year or enter a 0 if you did not use a public library online in the last year... ►

32. Have you used the Internet **during the last three months** to send an email or for any other purpose?

No **Please go to Question 34 on the next page.**

Yes **Please go to Question 33 on the next page.**

33. **During the last three months**, how often have you done each of the following activities? If you have not done the activity at all, please enter a zero in the response box. If you have done an activity a large number of times, please make your best estimate of the number and enter it into the response box.

Estimated number of times in the last three months that you ...	Number of times
Used the Internet to get a weather forecast.	
Used the Internet to get a sports score.	
Used the Internet to look for directions or for a map.	
Used the Internet to look for medical or health information.	
Used the Internet to read movie or theatre reviews.	
Used the Internet to buy a book.	
Used the Internet to buy an item of clothing.	
Watched a video report on an Internet news site.	
Received a video by email from someone else.	
Sent a digital picture or pictures to someone else.	
Printed information from the Internet.	
Sent an email to other members of your family or good personal friends.	
Sent an email to other persons for business or work-related reasons.	
Sent an email to a company or corporation to complain about a product or service.	
Sent an email to a public official about a public policy issue.	

34. Now, for a different type of question. All things considered, would you say that the world is better off or worse off because of science?

- Better off
- Worse off

35. Why do you think so? **Please share your thoughts in the box below.**

36. Please look at this image. Using the box below, please describe what you believe this image to be.

Please describe what you believe this image to be in the box below.

Looking at the same picture, what do you think that the bright blue band that runs diagonally across the picture is?

37. Would you say that this image is: **Please check one box.**

- A picture of the surface of Mars.
- A picture of Earth with its atmosphere illuminated.
- A picture of the Milky Way.
- A picture of our Moon with a strong dust storm.
- A computer-generated image used in Star Wars.
- I am not sure what it is.

38. Please read the statements below and, for each one, indicate whether you think the statement is definitely true, probably true, probably false, or definitely false. If you do not know or are not sure, please check the Not Sure box and go to the next item.

	Definitely True	Probably True	Probably False	Definitely False	Not Sure
The atmosphere around Earth helps protect it by absorbing dangerous solar radiation.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Burning fossil fuels thins the atmosphere and increases the risks of solar radiation.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Most planets in our solar system have a similar kind of atmosphere, except Mars.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Earth's atmosphere protects life by creating pressure to allow liquid water to exist.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Some scientists think that Mars once had an atmosphere like ours but lost it.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Earth's atmosphere stays in place due to gravity.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The majority of the atmosphere is made up of oxygen.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

39. Now, please think about science. During this year (since January, 2019), have you looked for any **science** information from any source?

- Yes
- No **Please go to Question 46.**
- Not sure **Please go to Question 46.**

40. About how many times in 2019 have you looked for **science** information from any source?

Please enter number in box ►

41. Please describe – in general terms – the most important science subject or science issue that you tried to get information about in 2019. **Please enter response in box below. ▼**

If you did not look at any science information in 2019, please go to Question 46. Otherwise, continue with Question 42 below.

42. People seek information for different reasons. Please look at the reasons listed below and indicate whether each reason played a part on your decision to look for information on that topic:

Please check one box in each row.

	Major reason	Minor reason	Not a reason
To find the answer to a problem or issue	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
To help me understand a public policy issue	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Curiosity – I just wanted to know more about it	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Other reason (please describe below ▼)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

43. Thinking now about the most important science subject or issue that you mentioned above, how many times have you done each of the following activities during 2019? If you have not done an activity, please enter 0 and go to the next item.

	Number of times
Looked for information about this subject or issue in a public library (in person or online).	
Read a newspaper or magazine article (print or online) about this subject or issue.	
Looked for information about this subject or issue on the Internet.	
Printed or saved an article from the Internet about this subject or issue.	
Talked to other members of my family about this subject or issue.	
Visited a museum or similar facility to learn more about this subject or issue.	
Talked to friends or co-workers about this subject or issue.	
Watched a television show about this subject or issue.	
Watched a video on YouTube about this subject or issue.	
Listened to a podcast about this subject or issue.	
Read or contributed to a blog about this subject or issue.	
Read a book (print or electronic) about this subject or issue.	
Attended or streamed a lecture about this subject or issue.	
Sent a letter or email to a public official about this subject or issue.	

44. Using the scale below, how satisfied are you with the science information that you found?

Very dissatisfied						Completely satisfied				
0	1	2	3	4	5	6	7	8	9	10
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

45. If you wanted to get more information about the subject or issue that you described earlier, how much would you trust **science information** from each of the following sources? Please use a 0-to-10 scale, with zero meaning that you would not trust science information from that source and 10 meaning that you would definitely trust science information from that source. If you are not sure, please check the Not Sure box and do not enter a number.

	Enter 0-10	Not Sure

46. In regard to **science** matters, would you say that you are:

- Substantially better informed than most of your friends
- Slightly better informed than most of your friends
- About as informed as most of your friends
- Slightly less well informed than most of your friends
- Substantially less well informed than most of your friends
- I'm not sure

47. How often do your friends or family ask you for information or advice on **science** matters?

- Frequently
- Occasionally
- Rarely
- Never

48. Thinking back over the last 50 years – that is, since 1969 – what do you think was the most important scientific or technological achievement in the United States?

Please respond in box below. ▼

49. What would you say was the second most important scientific or technological achievement in the last 50 years?

Please respond in box below. ▼

50. Now, please think about the future. For each of the following possible events, please indicate how likely it is that each of these events will occur within the next 25 years.

	Very likely	Possible, but not likely	Not likely at all
The placement of a scientific or mining colony on the Moon.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

51. The first American astronauts landed on the Moon on July 20, 1969 – 50 years ago. Thinking back over this period, what do you think is the most important result of the space program?

Please respond in box below. ▼

52. What would you say is the second most important result of the space program?

Please respond in box below. ▼

53. Last summer, there were numerous celebrations of the 50th anniversary of the first Moon landing. Please look at the list of activities and events below and indicate how many times you did each of the following activities **during the 3 months before and the 3 months after the anniversary of the Moon landing and related space activities.**

	Number of times
Talked to my friends or co-workers about the Moon landing and space exploration.	
Looked for information about the landing in a public library (in-person or online).	
Read a newspaper or magazine article (print or online) about the Moon landing.	
Looked for information about the Moon landing or space on the Internet.	
Printed or saved an Internet article or report about the Moon landing or space.	
Talked to my children about the Moon landing or space activities. (If you do not have minor children living in your home, please enter “0” in the box.)	
Talked to other members of my family about the Moon landing or space events.	
Watched a television show about the Moon landing and space exploration.	
Watched a video on YouTube about the Moon landing and related space activities.	
Visited a museum or planetarium to learn more about the Moon landing or space exploration.	
Read or contributed to a blog on the Moon landing or space exploration.	
Listened to a podcast about the Moon landing or space exploration.	
Read a book (print or electronic) about the Moon landing or space exploration.	
Attended or streamed a lecture about the Moon landing or space exploration.	
Sent a letter or email to a public official about space exploration.	

54. The next questions ask you to agree or disagree with a series of statements such as those you might find in a newspaper or magazine article. For each statement, please indicate if you *strongly agree*, *agree*, *disagree*, or *strongly disagree*.

	Strongly Agree	Agree	Disagree	Strongly Disagree
Science and technology are making our lives healthier, easier, and more comfortable.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Human beings were created by God as whole persons and did not evolve from earlier forms of life.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Because of science and technology, there will be more opportunities for the next generation.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The United States should begin planning for a manned mission to Mars in the next 25 years.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
We are already in the first stages of global warming and climate change.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
One of the bad effects of science is that it breaks down people's ideas of right and wrong.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Even if it brings no immediate benefits, scientific research which advances the frontiers of knowledge is necessary and should be supported by the federal government.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
New inventions will always be found to counteract any harmful consequences of technological development.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If the present rate of coal and oil use continues, serious long-term environmental damage will occur.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Most scientists want to work on things that will make life better for the average person.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The Bible is the actual word of God and is to be taken literally.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Some of the unidentified flying objects that have been reported are really space vehicles from other civilizations.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
We depend too much on science and not enough on faith.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
In this complicated world of ours, the only way we can know what is going on is to rely on leaders and experts who can be trusted.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Science makes our way of life change too fast.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
There is a personal God who hears the prayers of individual men and women.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The primary human activity that causes global warming is the burning of fossil fuels such as coal and oil.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
It is not important for me to know about science in my daily life.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
On balance, the space program has paid for itself through the creation of new technologies and scientific discoveries.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The dangers of global warming are being overemphasized for political reasons.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The United States should begin planning for the placement of a scientific or mining colony on the Moon.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

55. People have frequently noted that scientific research has produced both beneficial and harmful consequences. How would you assess the balance between the beneficial and harmful results of scientific research?

- Beneficial results substantially greater than harms
- Beneficial results slightly greater than harms
- Beneficial and harmful results about equal
- Harmful results slightly greater than benefits
- Harmful results substantially greater than benefits

56. How concerned are you about global climate change?

- Very concerned
- Concerned
- Mildly Concerned
- Largely unconcerned
- Totally unconcerned
- Not sure

57. Generally speaking, do you usually think of yourself as a Democrat, a Republican, an Independent, or what?

- Democrat
- Republican
- Independent
- Other party
- No preference
- Don't know

58. In talking about politics, the expressions "liberal" and "conservative" are often used. Please think of a scale from 0 to 10 where 0 means very liberal and 10 means very conservative. Where would you locate yourself? If you are not sure, you may check the "Not Sure" box.

Liberal					Conservative
